

CAPABILITY STATEMENT

New Seiki, LLC is a Texas-based Service-Disabled Veteran-Owned Small Business (SDVOSB) providing both professional consulting services and essential facility support operations for federal, state, and local government clients. We combine veteran leadership, operational discipline, and proven industry partnerships to deliver scalable, cost-effective, and compliant solutions.

Core Capabilities

Management Consulting & Business Services – Administrative management (541611), payroll, HR, marketing, and training to strengthen agency and contractor performance.

Grounds & Facility Services – Landscaping, mowing, tree/hedge care, irrigation, janitorial, custodial, and integrated facilities support aligned with federal quality standards.

Transportation & Logistics – Local trucking, specialized freight, and non-emergency passenger/medical transport with a focus on reliability and safety.

Waste & Specialty Services – Solid waste collection, grease trap cleaning, floral removal, and seasonal support services tailored to government environments.

Differentiators

Service-Disabled Veteran-Owned Small Business eligible for set-aside contracts.

Dual strength: consulting expertise + operational support services.

Scalable workforce and trusted subcontractor partnerships.

Rigorous Quality Control (QC) processes aligned with FAR/DFARS, OSHA, and VA/NCA standards.

Veteran-led with strong values of integrity, accountability, and mission-focus.
